

This issue:

*“A new home for the Universal Peace Group”*

*My Dear Friends,*

*Please excuse my tardiness in getting this month's newsletter out to you – I'll be honest with and admit that I've been a little despondent lately due to the painfully slow progress our petition is making – it would seem the only people signing it are those I've contacted directly through Facebook and G+ (a method that'll never achieve the millions of digital signatures required) – that is until today: six people have signed so far today and I don't think I've been in direct contact with any of them, so things are on the up.*

*Recently I've been busying myself checking out alternative social media platforms – attempting to evaluate if building up a presence on them would benefit the Universal Peace Campaign.*

*So far I've had a look at 'Steemit' – which I've already dismissed (although I can never actually leave it apparently) – as it's all about earning crypto currency by blogging, and the folks on there encourage you to monetize your friends (I value my friends for being my friends and couldn't care less about their bitcoin value).*

*I've also tried and dismissed (I did manage to leave this one) 'OnStellar': as this is all about earning crypto currency too. The platform is aimed squarely at the 'alternative reality theorists' but doesn't differentiate between Ghosts, Big Foot, Mermaids and UFO/ Alien Visitation believers. There is also a heavy bias toward the celebrity 'leaders' in the different alternative reality fields. (The biggest story on there at the moment is the wedding of David Wilcock – UFO community royalty apparently).*

*Unfortunately I'm not involved in Ufology to be told what to think – and I hope*

*that none of you are either.*

*So this leaves us with two platforms with the potential for hosting a Universal Peace Group: 'MeWe' and InformedPlanet.*

*And I'm going to plump for MeWe as InformedPlanet is supported by member donations at the moment but will probably move to charging a monthly subscription fee in the near future.*

*(I will not be abandoning the Facebook Group just yet – but FB is asking people to agree to being spied on and have all their personal information monetised in return for continuing to use the platform – and they've also moved records held on millions of European members from Ireland to servers in America where data protection is much weaker).*

*So if any of you would like to join MeWe with a view to extending the Universal Peace Petition's reach into pastures new you can check it out here:*

**AND NOW FOR SOMETHING COMPLETELY DIFFERENT!**

**THEY ARE...**

**...COMING**

*Yes my Friends, I was priviledged to be witness to two seperate UFO events – over two consecutive nights – recently. And I managed to record anomalous objects in the sky on both occasions.*

*You can check out my sightings here:*

*(Please watch the vid at full screen as some of the 'lights' are very small.)*

*I'll think you'll forgive me if I go right over the top here and proclaim that these sightings constitute proof positive that extraterrestrials agree with – and support – the Universal Peace Petition!*

*Well, sometimes you just gotta dare to dream.*

*Thanks for everything you do my Friends. Keep well.*

*Peace, Love & Respect*
