**“The Assassination  
Wave”**

*My Dear Friends,*

*This month I would like you all to consider what might happen if extraterrestrials were to show up in ways that made their presence here undeniable – how would we: the Human Race, react to such a development? How would our governments – and the rich, powerful people that stand behind them – react to such an extraordinary situation?*

*I'm afraid it's not going to be good news all round. If extraterrestrials were to re-stage a disclosure event : similar to the massive ariel extravaganza they mounted over Canada and around the world in 1913, it would be good news for the vast majority of people (as it would usher in a Global Reset and humanity would turn away from war) but for some it would probably mean their death at the hands of an assassin sent by their masters: the profiteering, warmongering elite. Many crimes have been committed on behalf of those who seek to dominate our world – and when extraterrestrial spacecraft begin appearing over our cities in broad daylight, on a regular basis - those whom I call 'THE CABAL' will seek to disassociate themselves from those crimes by getting rid of the evidence: and silencing the witnesses.*

*But why are they going to react in such an extreme way to what should be the opening of a new, hopeful chapter in the history of humanity? My Friends, you are probably aware that the way in which the average person perceives their world is controlled by the elites that use their ownership of the media to present us with a world in which: for instance, war is inevitable – when it isn't. The world that is presented to us by these elites is, in fact, an illusion. And that illusion is going to be shattered by the arrival of extraterrestrial spacecraft in our skies. This is why the elites fear extraterrestrials, they fear the loss of control and*

*being exposed for what they really are: murderous, warmongering criminals.*

*(If you have never given much thought to how our 'worldview' - especially with regard to the extraterrestrial issue – is controlled by the rich and powerful please read this article:*

<http://cognizantnationhq.weebly.com/blog/the-ufo-crash-scenario-time-for-a-rethink> )

*My Friends, the elites fear extraterrestrials because they know that with them comes JUSTICE.*

*So – when ET shows up in a big way - they will initiate THE ASSASSINATION WAVE and hundreds, if not thousands of intelligence and military personnel, politicians, priests and public figures will die in mysterious circumstances. The lives of anybody that can connect the elites to the crimes they've commissioned will be forfeit. And the slaughter will only stop once the elites are all arrested and brought to trial.*

*(If there's anyone reading this that knows a little too much, that believes they might well become a victim of the ASSASSINATION WAVE, start planning your escape route now. UFO sightings are proliferating – and the day when our Cosmic Visitors reveal themselves might arrive sooner than you think.)*

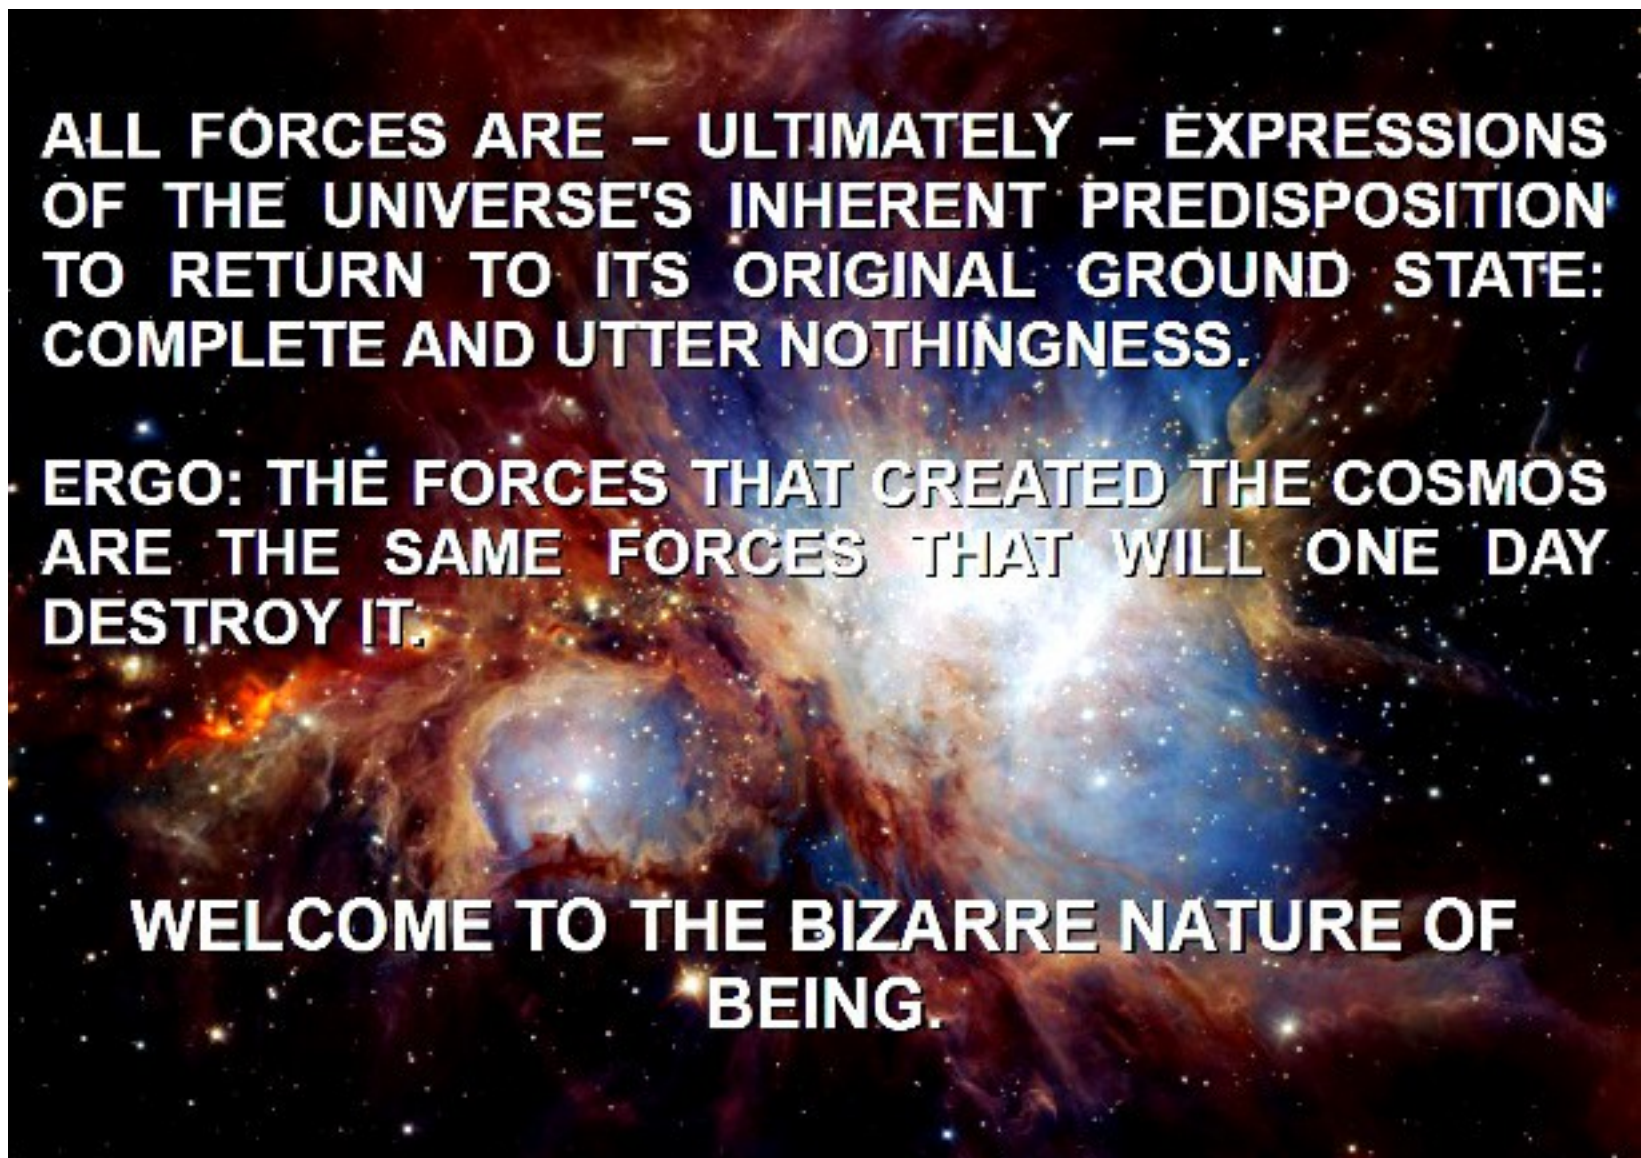

*All of this means that there will be a period of chaos in the wake of ARRIVAL – but if we all just carry on doing the things that we do every day of our working lives (especially if you are an administrator/civil servant) – we will get through it. We might even get to see huge alien spacecraft overhead on our way to work – but don't let seeing such things prevent you from going to work. I would, in fact, urge you all to try as hard as you can to have a calming effect on those around you. Tell people, even complete strangers in the street, "be calm, be still, you are not in any danger."*

*My Friends, the arrival of extraterrestrials will be fraught with danger – but not of their making – those that are, right now, spreading anti ET propaganda (it's all over the web, we've all read stuff about the space war between humanity and aliens, the underground war [where people can't see it – because it's all lies] at the Dulce Base, Reptilians from Draco sucking out people's brains and masquerading as the Queen of England) are the ones that will panic: as they face life in prison for their crimes against humanity.*

*So we are all going to need to be strong, and rise to the occasion – and it will help enormously if there were a lot more of us – so please don't let up on your work to get others to sign our petition and join us.*

*Beyond ARRIVAL there's a Global Reset to be managed – and a de-politized world to be rebuilt. A world where people – not money – do the talking: with extraterrestrials being part of the conversation.*

*My Friends, this picture hasn't really got anything to do with this month's newsletter. But I thought I'd include it just to break up the text – if you are interested in the subject matter please go here:*

*Thank you for everything you do. Keep well.*
