*“The prospect of war with Iran – and ET comes to town again - maybe”*

*My Dear Friends,*

*I hope you are all keeping well.*

*You will, no doubt, all be aware that the world took a massive lurch toward a major Middle Eastern War with Trump's irrational rejection of the Iran nuclear deal in conjunction with Netanyahu's attempt to bamboozle us all with his truckload of (allegedly) Iranian nuclear files that Israeli intelligence have somehow managed to smuggle out of Tehran. Netanyahu seems to want us all to believe that possessing the blueprints (all contained in paper documents and ranks of wall mounted CDs) for a nuclear device is tantamount to possessing the actual device.*

*The truth if the situation is that Western corporations want to take back the control of Iranian oilfields that they lost in 1979 – and Netanyahu wants NATO's aid in subjugating Iran militarily so that Israel becomes the unchallenged military power in the region.*

*So once again it's all about wealth and power and millions of lives being squandered to satiate the greed of a select few – and this we have to reject – against all this we have to stand firm: and we must expose every warmongering lie for what it is.*

*I would strongly advise that – if you don't know anything about the West's (we are talking mainly about the UK, US and Israel) past relationship with Iran – then you need to do a little research: and you need to start with Iran's attempted nationalization of its own oilfields back in 1953.*

*If you do this research you will understand why Iranians are going to fight to the last man before allowing themselves to become vassals of corporate greed once more.*

*Now here's a couple of links to stuff I've put together some time ago now, dealing with a potential war with Iran:*

*This first link is to an article I wrote about a possible false flag attack by Israeli warplanes on an American aircraft carrier in the Arabian Gulf:*

*Don't think that this couldn't happen, because it already has:*

*The Israelis set a precedent for just such an attack in 1967 when they killed 34 American sailors aboard the USS Liberty ( a US spyship) – all the surviving US sailors believed the attack to be deliberate – and some commentators believe that it was an attempt by Israel to get the US to 'nuke' Cairo (this was during the Six Day War between Israel and Egypt)*

*This second link is to a video I put together a few years back – it was featured on the second webpage of India's largest English Language Web News Portal for almost three years where it must have received tens of thousands of hits at least. Please note that this isn't reflected in Youtube's view count on this video:*

<https://www.youtube.com/watch?v=0wdVjj8vC0Q&t=5s>

*I'll let the video speak for itself.*

*Now, on a more positive note, I may have been visited once again by our Cosmic Brothers and Sisters (I know I could be stretching things a little here – but I do need to cheer myself up: given all the bad news above).*

*You can watch a video of the encounter here:*

<https://www.youtube.com/watch?v=4qKVkGqpjFI>

*What isn't clear when you watch this video is that I'm panning slowly (in a wobbly way) across the sky as this small, unblinking light flies steadily overhead.*

*Nor does the video mention that I've been seeing this object for years – at different locations.*

*So please take heart my Friends! We are not alone in this . If we can get our petition to really grow I think extraterrestrials will respond and show up more often and reveal (their craft at least) themselves to ever greater numbers of people.*

*Let me put that another way – the more people we can get to sign our petition – the more people will WANT sign our petition.*

***WE CAN DO THIS!***

*Peace, Love & Respect to you all*
