*“The Clock is Ticking”*

*My Dear Friends,*

*May I, first of all, take this opportunity to wish you all a happy and prosperous New Year to you and your families and friends.*

*Unfortunately, however, 2018 is not starting well. The Latest Bulletin from the Atomic Scientists informs us that they have now moved the hands of the DOOMSDAY CLOCK to TWO MINUTES TO MIDNIGHT.*

*My Friends, this is not good. The decision to move the clock hands to the closest to midnight – and Armageddon – that they've ever been was, almost certainly, inspired: for the most part, by the pronouncements emanating from Washington and North Korea.*

*We've been stood at the edge of the precipice for as long as we've possessed nuclear weapons – but now it seems the rock beneath our feet has begun to crumble. One wrong move now and – believe you me – we will fall.*

*I would ask you all to consider the past efforts: made by well intentioned, stalwart campaigners, to rid our world of nuclear weapons. Think of all the marches and demonstrations, petitions, appeals and representations made by the good people of organizations like ICAN (International Campaign Against Nuclear Weapons) and CND (Campaign for Nuclear Disarmament). What have all their Herculean efforts achieved? Is the World any safer? Can we all rest peacefully in our beds – secure in the knowledge that our collective future is assured? You all know the answers here, unfortunately. Our world has never been as dangerous as it is right now.*

*Nuclear war seems to have moved from the realm of the possible to the more immediate domain of the probable. Now I'm sorry if you find this a little scary – but really – it's just as well that you do: if it spurs you into action.*

*Remember CND and ICAN? You could say our campaign is similar to the campaigns mounted by those fine organizations – but there are some crucial differences. Our petition doesn't appeal to any worldly powers – it appeals, instead, to OFF-WORLD POWERS! And, what's more, those powers have already demonstrated their ability – and willingness – to rid us of our insane weapons of mass destruction. (Please read: [The Alien Agenda for Planet Earth](#) – you will find a link below.)*

*My Friends, as you are aware, Mankind is Not Alone – and in our efforts to procure Universal Peace for Mankind – nor are we.*

*But things are getting urgent, and we need to press on with our campaign.*

*I've put together an animated GIF file (using the images you see here) to help you persuade people to sign our petition - you can view the GIF here:*

*The GIF should also display on social media when you simply post the link above. After you've posted the GIF link you can then post the indirect link to our petition in a comment below it.*

*My Friends, I think you'll agree, for us: doing nothing, isn't an option.*

*Besides getting others to sign and share our petition, I would also ask you to keep watching the skies and always carry a mobile phone or camera to record what you see in the skies – you can always post the petition link wherever you upload any pictures or video that you manage capture.*

*Peace, Love & Respect to you all*
